

BEAT THE SUMMER HEAT SKIN CARE

Oclipse® Sunscreen + Primer SPF 30

Multiple defense sun protection system that provides broad spectrum UVA/UVB defense with a universal tint and a silky matte finish.

I just LOVE this SPF for the face. Its light goes on as a primer under makeup, makes your skin feel awesome, doesn't slide into your eyes and it is in my opinion the best on the market for only \$65.

Burt's Bees Almond & Milk Hand Cream

Do your hands need TLC? With its intense nourishment of natural and organic extracts, your hands will feel wonderful after a naturally healthy massage!

This in-expensive hand cream is awesome for feet and elbows too. I love the fragrance. The hand cream is not sticky but creamy and makes your skin look and feel nourished.

I feel so strongly about this product I am now a distributor and will be featuring the Company on my website. CBD oil is not only awesome for the skin (check out the happy customers on the C and S website) but for your work-out recovery, mood, fatigue, and all around healthy healing. Do your homework on this product because I believe we will be seeing a lot more of it in the near future. I use it for my work out recovery, anxiety and stress relief) City and Sea Trading Company is on the cutting edge of the healthiest products containing hemp and after my first trial I am SOLD. Look for them on my website soon. I cannot be more excited about this product!
